Subject: Appreciation letter

I am writing this letter to express my sincere gratitude and humbleness thanks to the people and the government of Denmark, especially the Global Medical Aid for their generous donations to the Somali people.

Somali people has been suffering a shortage of Medical supplies and equipment since the collapse of the central government in 1991. Since that the Somali people have been supporting each other and with the handouts of International communities.

The government and the people of Denmark have been playing a vital role in our state building efforts and supporting humanitarian missions in Somalia.

I have the pleasure of receiving these Medical supplies and equipment on behalf of the Somali people and their government. As I am the current Minister of Labour and Social Affairs, a member of the parliament of the federal government of Somalia, former minister of trade and former deputy prime minister, I will take the responsibility of these medical donations from Global Medical Aid and distributing it to Somali people especially the needy people.

Sincerely,

H.E Abdiwahab Ugas Hussein Ugas Khalif
Minister of Labour and Social Affairs
Federal Government of Somalia
